[Call for applications to new Executive Master in EU Studies through CIFE](#)

Berlin, 21 June 2016

Dear Mr Szabolcs Bokodi,

In my position of Programme Director, I would like to formally present our new **Executive Master in EU Studies**, a programme organised by the Centre international de formation européenne (CIFE) in cooperation with the Centre for Turkish and European Studies of the University of Cologne and funded with the support of the European Commission.

CIFE is a private institution of higher education and research, founded in 1954, with offices in Nice, Berlin, Brussels and Istanbul. Most of our graduates work currently for EU institutions, international organisations, NGOs, national and international agencies.

Through a combination of e-learning and intensive workshops (scheduled during weekends in Berlin, Budapest, Brussels, Nice, Istanbul and Rome) the Executive Master allows the participants to deepen and strengthen their knowledge of the EU integration process in the first phase and to expand it with advanced courses in the second phase by specializing in subjects such as EU Citizenship, Trade and Sustainability and the role of the EU in international crisis, just to name a few. The Executive Master in EU Studies offers an accurate blend of theoretical and practical knowledge with courses taught by internationally recognised experts. Individual guidance is one of the core elements of our programme, which happens both during online phases and workshops and allows the participants to pace their study according to busy work schedules.

The Executive Master programme represents an outstanding opportunity for professionals to continue studying while pursuing their career; to this aim, it is organized as a part-time programme, spread over two and a half academic years. Several scholarships are available for our candidates. The deadline for application is 5 September 2016.

We would appreciate it if you could disseminate this information among your network and your social media profiles.

Finally, let me thank you for your kind attention and your active support.

Sincerely yours,

Dr. Helgard Fröhlich
Director of Programmes
Executive Master in EU Studies
